SUMMARY

Second-year student with hands-on experience in building **full-stack** web applications using the **MERN** stack. Comfortable working across frontend, backend, and database design. Also experienced in integrating AI features to improve functionality and user experience.

EDUCATION

Bright Day School

Class -10

2021-2022

Percentage - 81%

Green Valley High School

Class -12

2022-2023

Percentage - 82.4%

Charusat University

B.Tech Information Technology

2024-2028

CGPA - 8.76/10

PROJECTS

RideMate | Backend Developer [\[Link\]](#)

Technologies: Node.js, Express.js, MongoDB

- Built the complete backend using Node.js and Express, developing RESTful APIs to manage users, rides, and bookings
- Designed MongoDB schemas to model riders, drivers, and vehicles, enabling efficient ride search and data retrieval
- Implemented automated identity verification using Google Gemini AI to extract and validate driver license details
- Developed concurrency-safe booking logic to prevent double bookings during simultaneous seat reservations
- Optimized database queries and API responses to support ride filtering, status updates, and vehicle management
- **Impact:** Improved vehicle utilization through ride pooling, helping reduce traffic congestion, fuel usage, and carbon emissions.

GoalGuru | Full Stack Developer

Technologies: Node.js, Express.js, YouTube Data API v3, JSON

- Implemented logic-based stream recommendation using real-time student input processing
- Integrated YouTube Data API v3 via a secure server-side proxy to fetch curated educational content
- Designed a lightweight JSON-based data storage system enabling fast filtering of scholarship and college records
- **Impact:** Helped students make informed academic and career decisions by centralizing guidance, scholarships, and learning resources on a single platform

TECHNICAL SKILLS

Languages: C++, Java, JavaScript (ES6+)

Frontend: HTML, CSS, React, TypeScript, Tailwind CSS

Backend: Node.js, Express.js, JWT

Database: MongoDB

Tools: Git, GitHub

PROBLEM SOLVING

Solved 200+ Data Structures & Algorithms problems (LeetCode, GFG, Striver SDE Sheet - 42% completed)

CERTIFICATIONS

Meta React (React Basics & Advanced React)
